

MOMODESIGN

MAN'S
F/W 20-21
COLLECTION

URBANWEAR

technology tailored

An Urbanwear collection that combines the more technical needs of those who live the city in a dynamic way, with motorcycles and / or bicycles, with metropolitan daily life.

Three keywords that frame the Fall / Winter 20-21 collection: TECHNOLOGY TAILORED - DYNAMIC - EASY STYLE.

Balanced volumes and innovative fabrics, designed specifically for the outdoors and beyond.

The careful research of the most advanced technologies in fabrics is combined with the search for an easy chic metropolitan style, where the contaminations between different worlds, from sporty to elegant, mix together creating a new stylistic code, for a transversal collection in its use. .

Be elegant, be modern, be hi-tech... be MOMODESIGN URBANWEAR!

PROJECT
GRAPHENE™
INSIDE THE FUTURE

GRAPHENE™

Graphene is the new textile material that will change the way to make garment.

The unique properties of graphene, such as the thermal conductivity, electrostatic, lightness and antibacterial, make it an interesting material for different application.

Graphene is an innovative nanotech soft and light material, characterized by high conductive capacities that care the regulation of body temperature.

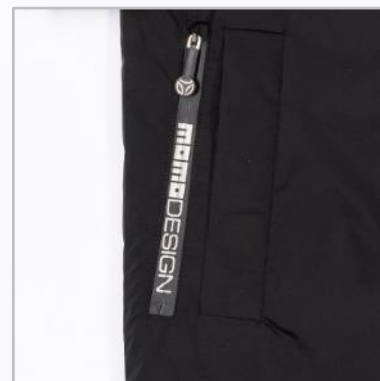

The warm in hot weather conditions is dispersed, while in the presence of low cold temperatures it is equally distributed stabilizing inside temperature.

MOMODESIGN

WOMAN'S
F/W 20-21
COLLECTION

URBANWEAR

technology tailored

An Urbanwear collection that combines the more technical needs of those who live the city in a dynamic way, with motorcycles and / or bicycles, with metropolitan everyday life.

Three keywords that frame the Fall / Winter 20-21 collection: TECHNOLOGY TAILORED - DYNAMIC - EASY STYLE.

Balanced volumes and innovative fabrics, designed specifically for the outdoors and beyond.

The careful research of the most advanced technologies in fabrics is combined with the search for an easy chic metropolitan style, where the contaminations between different worlds, from sporty to elegant, mix together creating a new stylistic code, for a transversal collection in its use. .

Be elegant, be modern, be hi-tech... be MOMODESIGN URBANWEAR!

PROGETTO
GRAPHENE™
INSIDE THE FUTURE

GRAPHENE™

Graphene is the new textile material that will change the way to make garment.

The unique properties of graphene, such as the thermal conductivity, electrostatic, lightness and antibacterial, make it an interesting material for different application.

Graphene is an innovative nanotech soft and light material, characterized by high conductive capacities that care the regulation of body temperature.

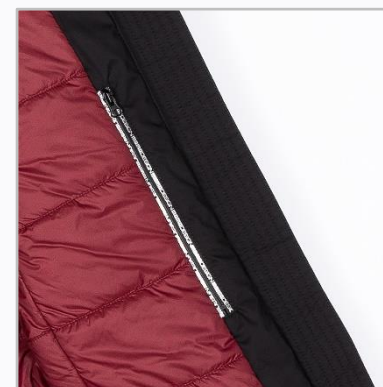

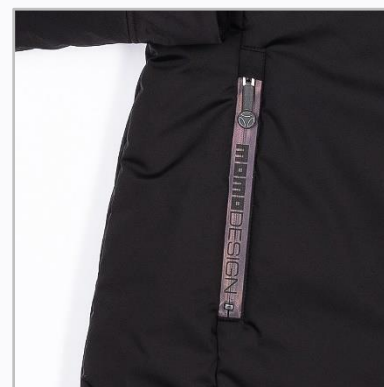

The warm in hot weather conditions is dispersed, while in the presence of low cold temperatures it is equally distributed stabilizing inside temperature.

COPENHAGEN — MD-JKW2001

GRAPHENE™
INSIDE THE FUTURE

The COPENHAGEN parka represents the female version of the men's OSLO parka. Also in this case it is by far the most winter garment of the collection. This garment is characterized by the presence of a double layer of wadding: Sporthern 120 grams on the outside and Graphene 120 grams on the inside. This combination guarantees absolute warmth and thermal insulation even for the most intense colds.

The external DWR fabric with membrane is presented in three color variants.

The garment features sophisticated customizations and technical finishes, such as the iridescent double-slider front zip, the zip on the iridescent pockets, one of which with logo, the iridescent print on the hood and the 18 cm internal pocket, also with logo.

Features:

- Italian DWR outer fabric with foil
- Internal Graphene wadding
- Iridescent double slider front zipper
- 4 external pockets including 2 with iridescent waterproof zips, one with logo
- Internal pocket with logo zipper
- Custom zipper pullers
- Iridescent MOMODESIGN printed on hood
- Graphene silicone patch
- Exclusive stud with logo on the wrist
- 3 possible color variants

Tech specs:

- Sizes: S – M – L – XL – XXL
- Content:
 - ❖ Outside: 92% PA – 8% EA – Italian fabric 
 - ❖ External wadding: 100% PA – Italian fabric 
 - ❖ Internal wadding: - 99% PL - 1% GRAPHENE
 - ❖ Lining: 100% PA – Italian fabric 
 - ❖ 
- Made in Europe

RIGA — MD-JKW2002

The RIGA down jacket is the female version of the TALLINN male. The SPOROTHERM 120 gram wadding with interlining, the padded hood and the internal quilting make this down jacket the classic warm and versatile jacket for every day.

The Italian DWR external fabric is proposed in three color variants.

The garment features sophisticated customizations and technical finishes, such as the front zip in polished steel, the zipper on the pockets, also in polished steel and the reflex print on the hood.

Features:

- Italian DWR outer fabrics
- Double slider silver front zipper
- 2 external pockets with silver zipper
- Internal pocket with logoed zipper
- Custom zipper pullers
- Iridescent MOMODESIGN printed on hood
- Exclusive stud with logo on the wrist
- 3 possible color variants

Tech specs:

BRNO — MD-JKW2003

The BRNO down jacket wants to be the female version of the PRAGUE. It was designed to provide unique thermal insulation and thanks to the 120 gram Graphene wadding, it is suitable for harsh winter climates, without sacrificing "hyper" lightness and comfort. The quilting gives the jacket a modern and trendy look. Compared to the men's version, the BRNO is presented with a hood, also quilted.

The Italian outer fabric is DWR treated to resist water.

The garment is characterized by customized details and technical finishes, such as the graphite zipper, the waterproof pockets, one of them with logo and the reflex print on the back.

It also has the brand new "Graphene" silicone patch,

Features:

- Italian DWR outer fabric
- Graphene wadding
- Double slider front zipper in graphite
- 2 external pockets with black waterproof zips, one of them with logo
- Internal pocket with logo zipper
- Custom zipper pullers
- Iridescent MOMODESIGN print
- Graphene silicone patch
- Exclusive stud with logo on the wrist
- 3 possible color variants

Tech specs:

- Sizes: S – M – L – XL – XXL

INNSBRUCK — MD-JKW2004

The INNSBRUCK hybrid jacket reinterprets the SALZBURG masculine for women. Also in this case it represents one of the most refined garments of the MOMODESIGN F / W 20-21 collection.

In the feminine variant the Italian DWR fabric is used for the sleeves while the body and details are made of "Loro Piana" Dream Tweed wool with membrane, which make it an elegant and sporty garment at the same time. Three color variants proposed, for all desirable looks.

The warmth of the garment is guaranteed by the 120 gram Sporthern wadding.

The garment features sophisticated customizations and technical finishes, such as the iridescent double-slider front zipper and pocket zips, also iridescent, one of them with logo. Inside the brand new logo zip.

Features:

- Body entirely in Loro Piana wool / silk wool with membrane
- Sleeves in Italian DWR fabric
- Iridescent double slider front zipper
- 2 external pockets with iridescent zipper, 1 of them with logo
- Internal pocket with logo zipper
- Custom zippers
- Exclusive stud with logo on the wrist
- 3 possible color variants

Tech specs:

- Sizes: S – M – L – XL – XXL
- Content:
